

Achieve, Believe and Create Together

Jeremiah 29:11 'For I know the plans I have for you, plans to prosper you and not harm you, plans to give you hope and a future.'

On Wednesday 28th June, a team of boys from Year 3 and a team of 4 girls from year 4 participated in a Quad Athletics competition at Newton Abbot College. The teams competed against two other schools in a carousel of different activities. They had a go at running 400 metres, 100 metres, javelin throw, standing long jump and side jumps (as many as possible in 4 minutes). They gave it a good go and worked together to gain points. Their total points at the end of all the events meant we came third overall. Good effort!
