

DIAS Making Sense of SEND training Newton Abbot, 4 December 9.15am-12.45pm

This in-person training aims to help parent carers understand some of the most important information and the most useful skills to develop when supporting a child with SEND. DIAS staff will explain special educational needs, SEN support and how the SEND system works and help parents to feel more confident about speaking up for their child and working with professionals. The morning is a mix of presentations, discussion, interactive tasks and question and answer slots. Previous attendees have described the session as "Excellent, so empowering!" "Good practical help" and "Friendly with a chance to ask questions". Spaces are limited - book a place here:
