THE BIG STEP TRANSITION PROGRAMME AT:

**TEIGN SCHOOL**  
17 - 21 AUGUST 2026

## OUR 2026 PROGRAMME AT Teign School

**The BIG Step** invites your child on our transition programme, to achieve:

- ✓ **Smoother transition** from primary to secondary school
- ✓ **Develop and improve** students' self-esteem and confidence
- ✓ **Familiarising them** with their new surroundings
- ✓ Help to meet and **make new friends**
- ✓ Build **teamwork, resilience,** and **skills** for secondary school success

How to help them make the transition to secondary school – it's something we all worry about.

It's a big step and you want to do everything you can for them.

A secondary school teacher myself, I set up **The BIG Step** in 2018, to help ease the transition from primary to secondary school. I saw those September nerves in the children I taught. I knew that a little summer preparation would make all the difference. Some kids hit the ground running, others need gentle encouragement.

**It's the small things that make it a big step.**

**“Will I find my way around?” “Will I fit in?”  
“Where are the loos?” “Will I make friends?”**

Our one-week summer programme tackles all this and more. We work really closely with schools to offer just the right programme to help your child make the big step.

Oh, and we have a lot of fun along the way.

The best thing about The BIG Step is that each year, the uptake continues to increase. Students are incredibly well supported throughout the programme, and by the end, they arrive at secondary school much more confident. Making new friends, being introduced to their tutor groups, and familiarising themselves with the school environment really helps settle their nerves and ease the transition. It's a must for all new Year 7 students!
